CITY OF ROXBURY, JAN. 26, 1864.

To the Overseers of the Poor of the City of Roxbury :

GENTLEMEN :—I transmit the Report of the Superintendent of the Alms-house, and the Report of the Physician to the Alms-house, and recommend that the same be printed with the Annual Report of the Receipts and Expenditures of the City.

GEORGE LEWIS,
Chairman of Board of Overseers of the Poor.

IN BOARD OF OVERSEERS OF THE POOR,
January 26th, 1864.

Referred to the Mayor with a request to cause the whole or such portion to be printed as he deems expedient, with the Annual Report of the Overseers of the Poor, in connection with the Receipts and Expenditures of the City.

REPORT OF THE SUPERINTENDENT OF THE ALMS-HOUSE.

ROXBURY ALMS-HOUSE, JAN. 25, 1864.

*To the Board of Overseers of the Poor
of the City of Roxbury.*

GENTLEMEN :—In conformity to custom, the undersigned respectfully submits the following Report for the year past, relating to the inmates and condition of the Alms-house.

The number of inmates in the house February 1, 1863,	44
Admitted having settlement in City,	9
	— 53
Discharged,	12
Died,	5
Present number belonging,	36
	— 53

The number of travellers admitted for food and lodging has been small, compared with previous years. The whole number thus admitted during the year, 175

Sent to State Alms-house, 71

The health of many of the inmates has been quite feeble for the past year, requiring much attention and constant nursing. Some of them must, from their infirmities and age, continue so through life.

The physician, Dr. Flint, has discharged his professional duties in a gentlemanly and highly satisfactory manner to all those entrusted to his care, and I cheerfully recommend him again to the kind consideration of the present Board of Overseers. For further particulars relating to the medical department, you are referred to the physician's report.

The City have belonging to the Alms-house,—one horse, two cows, three wagons, one sleigh, one horse-cart, two harnesses, and farming utensils necessary to cultivate the land belonging to the establishment. Also, two horses with wagons and harnesses for the collection of house offal; the expense of which is charged to another appropriation. The land cultivated has produced about the same as in previous years, with the exception of the potatoes. A sufficient quantity of vegetables for the use of the house has been raised this year. There were 3700 lbs. pork raised during the year.

The house and out-buildings are still in good repair, and the house is furnished with sufficient furniture, beds and bedding for the comfort of all the occupants; and it is only a repetition to say that it is a model institution, and has the reputation of being second to none in the Commonwealth for the convenience and comfort of the unfortunate poor who avail themselves of its privileges, and I would say that, as a general thing, the inmates exhibit much evidence of being grateful for the kind home that has been provided for them by the city. The general deportment of the inmates during the year has been very good.

The total expense for the support of the Alms-house during the past year has been \$4842 40.

I remain, gentlemen, very respectfully your obediant servant,

EZRA YOUNG,

Sup't of Alms-house.

REPORT OF THE PHYSICIAN TO THE ALMS- HOUSE.

ROXBURY, JAN. 25, 1864.

To the Overseers of the Poor of the City of Roxbury.

GENTLEMEN :—I have the honor of again presenting the Annual Report of the Medical Department of the Alms-house, which cannot differ essentially from preceding reports. No startling or unexpected events have occurred to vary the ordinary routine of life in this establishment, nor has any thing especially noteworthy appeared to furnish at this time a subject for comment.

The inmates remain much the same as a year ago, without having undergone many perceptible changes in number or general physical condition. A few, induced perhaps by the scarcity of laborers and the high rate of compensation, have voluntarily left, and are at present making successful effort to earn a maintenance. How long this may continue is of course questionable, but their return can be predicted at no distant day.

Of those who were considered inmates for life, however long or short that might prove, three have been removed by death. One, a scrofulous, deformed child, made so by culpable neglect and carelessness, whose life, if prolonged, would have been one of suffering and despondency, died suddenly on the morning of the last annual visit. The record of this does not appear in the last report. The other two were of persons imbecile, in one case congenital, in the other resulting from protracted cerebral disease. In addition, two deaths have occurred of persons who were removed in advanced stages of typhoid fever, from abodes of the greatest destitution, surviving the removal in one case two or three days, and in the other about as many hours.

The children, who comprise nearly or quite one half the inmates, have had the past year remarkable immunity from disease,

no case of serious illness having occurred among them, which is due in great measure, I believe, to the watchful care of our efficient nurse, who always gives seasonable attention to their condition. To her also belongs much credit for unwearied effort to promote the well being and comfort of those who find here a home.

The pest-house has been for a long time unused, no case of small pox having been admitted for nearly two years. Our community, in my opinion, is more completely protected by vaccination from the ravages of this disease than formerly, and it hardly seems possible that an epidemic as severe as the last, can prevail for a long time to come.

Of insanity, we have had fewer cases than usual. During the autumn I was visited by a gentleman, one of a commission appointed by State authority, to examine into and report upon the subject of Lunacy. In furtherance of this object, he was desirous of visiting our Alms-house, their investigations having for certain reasons extended to these institutions, with the view of ascertaining the number and condition of any lunatics therein confined. Every part of the house was opened to his inspection, and the intention of the Overseers fully explained, to send to the proper asylum every case of insanity, especially those needing restraint, with the least possible delay.

The condition of the house, the past year, has been in no respect inferior to that reported on former occasions; every thing heretofore said in commendation can at the present time be repeated with equal truth and justice. To all concerned in its management, are due my cordial thanks, for ready assistance and co-operation in all plans devised, not alone for the relief of the sick, but likewise for the well being of each and every inmate.

Respectfully submitted,

JOHN S. FLINT,
Physician to the Alms-house.

Of the 18 arrests, for offences committed without the City, 7 were for breaking and entering,—4 for larceny,—3 for burglary,—1 for threatening bodily harm,—1 for assault on officers,—1 for vagrancy, and 1 for violation of the Enlistment Laws.

Nine hundred and ninety of the arrests were of persons of foreign birth, and of the remainder, 120 were born in Roxbury,—239 were minors, and 289 females.

Four hundred and eighty-six persons were provided with lodgings in the lockup, of which 290 were foreigners,—108 were females, and 109 were minors.

The regular Police force consists of the Marshal, 8 day men, and 12 watchmen. One of the day men has charge of the office, and keeps the daily record. Another has charge of the lockup and Court Room, and also acts as officer of the Court. Another, also, (Mr. James Ball,) acts as Truant Officer, which takes most of his time. So, in fact, for the most part of the time, there are but five men out on duty during the day.

The expenses of the Department have been somewhat increased during the year, which was mainly owing to the preparations made to preserve the peace of the City during the time of anticipated troubles in relation to the draft.

The receipts for fees of Police will, probably, amount to about the same as last year.

The amount paid out for arresting, securing prisoners and conveying them to Dedham, &c., is \$81.41.

The sum of \$14.07 has been received for fees not drawn by the Clerk of the Police Court, and \$12.00 for services of Police.

During the year, 753 dogs, 1,066 cats, 99 hogs, and 65 goats have been buried by the canine undertaker, at an expense to the City of \$362.50.

The appointment of a Truant Officer I believe has been productive of beneficial results ; still I am of the opinion that the

Truant School is very much needed, and that the good resulting from its re-establishment would more than compensate for the expense.

I still hold to the same opinion in regard to a license law, and to uniforming the Police, as I expressed in my last Annual Report, and I see no need of repeating them now.

The news of the death of Dr. A. I. Cummings, the Clerk of the Police Court, has occasioned feelings of sadness and sympathy; for all who have been officially connected with him, have ever found him faithful and obliging.

To the Government of last year my thanks are due for the confidence reposed in me, and to the Police for their efforts to aid me in the discharge of duty, and to all others who have lent me aid and assistance.

Respectfully submitted,

BENJAMIN MERIAM,
City Marshal.

R E P O R T

OF THE

Chief Engineer of the Fire Department.

ROXBURY, FEB. 1, 1864.

To the Mayor and Aldermen and Common Council:

GENTLEMEN—I herewith submit my Annual Report of the condition of the Fire Department of the City of Roxbury.

There has been no increase of Hand Engines since last report, the number in active use being the same as last year.

We have also one Steam Fire Engine, one Hose Carriage and one Hook and Ladder Carriage, which, with three Hand Engines, constitute the whole force of the apparatus now in service.

During the past year there have been quite a number of destructive fires, the most serious one being at the Lead Works on Swett Street. On that occasion great assistance was rendered by the Boston Fire Department, which is always prompt and ready in time of need to come to our relief.

The Hand Engines, Hose and Hook and Ladder Carriages are all in good repair. The hand engine companies are full and the discipline good.

The Steamer has worked admirably the past year, and never has failed to render the most efficient service when required.

The experience of the past year has confirmed me in the opinion I then expressed in favor of Steam Fire Engines, and the Board of Engineers unite in recommending that two more Steam Fire Engines may be purchased by the City. If this be done the hand engines can be dispensed with, and we shall then be better prepared for a serious conflagration, which is liable to break out among the various manufacturing establishments, the number of which are continually being increased.

The Engine Houses are in good repair except that of No. Seven, which is in a very bad condition, and I recommend that a new house be built.

Two Reservoirs have been built the past year, and I recommend the same number this year.

I would call the attention of the City Government to the practicability of having the Boston Telegraph Fire Alarm extended to our City. I am of the opinion that the City Council of Boston, should you request it, would readily consent to the extension. The expense of the wire and its erection in our limits, to be borne by this City, and for a moderate compensation per annum to the operator at Boston, we could have all the advantages of the system. Believing this to be practicable and capable of much service to the Fire Department of this city, I urge it upon your favorable consideration.

The number of fires and alarms have been the lowest for twelve years past.

Total amount of loss, \$78,340. Insurance, \$60,370.

To my associates of the Board of Engineers, I am under renewed obligation for their cordial co-operation and their devotion to the interests of the city.

The accompanying documents give a full report of the members of the Fire Department, condition of the Engines and Apparatus, list of Hydrants and Reservoirs, and the general condition of the Department.

Respectfully submitted,

JAMES MUNROE, *Chief Engineer.*

REPORT

OF THE

COMMISSIONERS OF FOREST HILLS CEMETERY.

IN conformity to the fifth section of "An Act relative to a Public Cemetery in the City of Roxbury," the Commissioners respectfully submit their

SIXTEENTH ANNUAL REPORT.

AVENUES. Chestnut Avenue has been improved near the gate-way, by an alteration in the location, so as to make the access easier. Mulberry Avenue, the grade has been lowered and widened. Fourteen hundred and fifty feet of avenues have been excavated and filled with stone and gravel.

PATHS. Twelve hundred and fifty-six feet have been excavated and filled with stone and gravel.

MONUMENTS. Twenty monuments have been erected the past year.

LOTS FINISHED. Eighty lots and seventy-five graves are now ready for sale.

FENCES. Sixteen lots have been enclosed with granite, four with iron fences, and two with hedges.

LOTS SOLD. One hundred and thirty lots, and one hundred sixty-eight graves in the field of Ephron have been sold the past year.

INTERMENTS. Five hundred and sixty-one interments, in private lots and in the field of Ephron, have been made the past year.

The Commissioners having decided to build a stone gate-way at the main entrance, they examined a number of plans prepared for the purpose, and after consulting with persons competent to judge, adopted one of Gothic architecture, designed by Mr. C. W. Panter of Brookline. The working plans are now in progress, and we hope to commence the construction early in the summer.

The fund for the perpetual care of lots now amounts to five thousand six hundred and eighty-dollars. The future advantage to owners of lots has been before stated, and we think it will appear, on investigation, not to have been over-estimated.

Three thousand dollars of the debt to Edmund M. Fowler, has been paid the past year; the balance, three thousand dollars, will be due next December.

Fifteen thousand dollars has been invested in United States securities the past year, with the amount previously invested, amounts to the sum of thirty thousand dollars, which will be available for improvements to be made. The proposed gate-way will probably cost fifteen thousand dollars, also, walls which may be built will require a large expenditure.

MEMORANDA FOR PROPRIETORS.

The Records of Deeds are kept in the City Hall, under the direction of the City Clerk, and are the only evidence of the title of a Proprietor recognized by the Commissioners; consequently when a person receives a lot by transfer from a Proprietor, he should immediately send his deed at once to the City Clerk's office for record.

Care of Lots. A book is kept at the Superintendent's office at the Cemetery, in which are entered all orders for the care of lots. Proprietors should be particular to specify what care they desire to be devoted to their lots, and it is requested that all orders given should be in writing.

Flowers. Proprietors in want of flowers to beautify their lots, will find them at the Cemetery by calling on Anthony McLaren, the gardener, with whom they can settle for the same.

Interments. For opening grave, making and recording interment, \$4. For opening grave, making and recording interment, for child under ten years, \$3. For opening tomb, making interment and record, from \$4 to \$5. For grave in "Field of Ephron," interment, record and stone No., \$13. For deposit in Receiving Tomb, \$15; (of which a part will be refunded in case of removal to any part of the Cemetery within sixty days.) For making a brick grave, interment and record, \$18.

The above sums are all payable at or before the time of interment.

Undertakers are required to have all orders for interment signed by the proprietor, or the proper authorized person, accompanied with the necessary town or city permit, as the interment cannot be made unless the above rule is strictly conformed to.

It is necessary, where there is so great a liability to make mistakes in names and dates for record, that the undertaker should be very particular, and require the friends of the deceased to see that all orders for interment are correct.

CEMETERY NOTICE.

For the information of those who do not know already, it may be well to state, that visitors can take the Dedham train of cars, and stop at the Forest Hills station, which leaves them within five minutes' walk of the Cemetery. Any information relative to the Cemetery can be obtained of OLIVER MOULTON, Superintendent at the grounds; JOSEPH W. TUCKER, City Clerk, City Hall, Roxbury; or either of the Commissioners.

 No Proprietor can be admitted to the Cemetery on Sunday unless he has a card of admission, which can be obtained of Joseph W. Tucker. Any other person who wishes to visit the Cemetery on Sunday, must obtain a pass.
